

7N2UQC  
I WAS ABLE TO ENJOY THIS CONTEST.TNX FOR A FINE CONTEST AGAIN.

AA4YL  
GREAT CONTEST, BUT LITTLE DX MAKING IT THROUGH THE BANDS.  
I APPRECIATE SO2R HAVING A SEPERATE CATEGORY.  
I HOPE OTHER CONTESTS WILL FOLLOW.  
THANKS FOR THE CONTACTS.

AA8IA  
ONLY MY SECOND TRY AT RTTY. VERY FUN MODE. LOTS OF ACTIVITY.  
WISH I WOULD HAVE THOUGHT ABOUT PARTICIPATING FOR THE DURATION.  
THANKS TO THE SPONSORS AND PARTICIPANTS FOR ALL OF THE FUN!

K4GMH  
THANKS TO THE DL-DX RTTY COMMITTEE FOR THE EFFORT TO ORGANIZE AND RUN THE CONTEST.  
THANKS ALSO TO ALL WHO PARTICIPATED, ESPECIALLY THOSE WHO WERE KIND ENOUGH TO WORK ME:>)  
A NICE OPENING TO EUROPE ON 10 METERS WAS EXPERIENCED AT THIS QTH WHICH SEEMED LIKE THE FIRST TIME  
IN A LONG TIME. WORKING PHIL, GU0SUP, ON 10 METERS BROUGHT BACK MEMORIES OF PAST. ONE OF THE  
MEMORIES THAT I'VE SINCE FORGOTTEN WAS HOW TO WORK SO2R WHEN 10 METERS IS OPEN - DO HAVE ONE  
RADIO ON 10 METERS AND THE OTHER ON 15 METERS OR KEEP THE OTHER RADIO ON 20 METERS. WASN'T SURE  
WHAT TO DO SO JUST KEPT WITH THE 20/10 SO2R COMBINATION. PROBABLY THE WRONG CHOICE AS I'M SURE I  
MISSED SEVERAL (MANY?) EUROPEAN STATIONS ON 15 METERS. THIS PROVED EVEN MORE OF AN ERROR ON MY  
PART DUE TO 20 METERS MORNING VS LATE AFTERNOON PROPAGATION TO EUROPE.  
BY THE TIME 10 METERS OPENING DROPPED TO JUST HEARING USA STATIONS, AND THEN NOT VERY MANY, 15  
METERS PROPAGATION TO EUROPE HAD DIMINISHED AS WELL. ALSO, 20 METER PROPAGATION TO EUROPE  
SEEMED TO BE BETTER IN THE LATE AFTERNOON, LOCAL TIME, THAN IN THE MORNING. DURING THE WINTER, THE  
OPPOSITE SEEMS TO BE THE CASE. BEFORE SWITCHING TO THE LOWER FREQ. BANDS AND EVEN WITH MY "BAD"  
BAND CHOICE, THE NUMBER OF EUROPEAN AND OTHER STATIONS WORKED ON 10/15/20 METERS LEFT ME WITH A  
VISION OF HAVING SEVERAL 5 BAND CONTACTS. UNFORTUNATELY, THE "VISION" WAS REALIZED.  
EIGHTY METERS DID NOT PROVIDE CONDITIONS FOR THE QUANTITY OF CONTACTS WITH EUROPE OR ELSE WHERE  
NECESSARY TO TAKE ADVANTAGE OF THE NUMBER OF 4 BAND CONTACTS ALREADY IN THE LOG. THE NOISE LEVEL  
WAS JUST TOO HIGH ON 80 METERS, EVEN WITH BEVERAGE ANT., FOR ACCOMPLISHING MUCH OF THE "VISION".

ONLY TWO STATIONS, N1M AND K4DLI, WERE WORKED ON 5 BANDS ACCORDING TO MY NOTES MADE AT THE TIME OF THESE CONTACTS. STILL HAVING GOTTEN AS MANY 4 BAND QSOs WITH THE SAME STATIONS IN THE LOG IS A GOOD SIGN FOR FUTURE CONTESTS.

ONLY 15 HOURS TOTAL WAS POSSIBLE DUE TO MAKING A BAD CHOICE ON WHERE TO DINE ON THURSDAY! RECEIVED A MILD CASE OF FOOD "POISONING" THAT KEPT MY SHACK BIC TIME LIMITED TO SHORT DURATIONS. MY ENERGY LEVEL WAS DOWN FROM THAT WHICH THE FUN OF CONTEST COMPETITION NORMALLY PROVIDES. FORTUNATELY, THE EQUIPMENT WORKED MUCH BETTER THAN THE OPERATOR WHICH HELPED OVERCOME MY PERSONAL CONDITION.

AGAIN, THANKS TO ALL WHO PARTICIPATED, YOU MADE IT A FUN CONTEST.

73,

MIKE, K4GMH

KS0M

PROPAGATION OUTSIDE NORTH AMERICA WAS DIFFICULT. THE "AGN" MACRO WAS USED MANY TIMES ON BOTH ENDS OF A QSO. I ENJOYED THE CHALLENGE.
